

SA'AED SALEH

Dental Technician

PERSONAL PROFILE

Professional Signature Ceramist with 15+ years of specialized expertise in crafting dental ceramics. Proficient in all phases of ceramic crown and bridge fabrication, including the creation of various fixed hybrid prostheses on dental implants. Skilled in troubleshooting cases and transforming frames into finished restorations. Collaborative approach with esteemed dentistry clinics ensures consistently high-quality results. Seeking sponsorship opportunity to further enhance my professional development and contribute valuable expertise to a dynamic team or organization. Open to collaborations that foster growth and innovation in the field of dental ceramics.

EDUCATION

Diploma in Dental Technology Lab Sciences 2000

- Intermediate University College – Jordan
